PROFESSIONAL EXPERIENCE

FRONT ROW

NEW YORK CITY, NY

eCommerce Product Operations Analyst

September 2024 – Present

- Spearheaded onboarding and operations strategy for new Amazon brands, collaborating cross-functionally with design, SEO, PPC, and logistics, resulting in top revenue driving brands within the company (Zevo, NeuroGum, FlavCity, Seed).
- Built and maintained internal dashboards in Google Sheets and SQL to track product performance, order flow, and content accuracy across marketplaces, then used data to drive leverage business decisions.
- Worked with product to ship internal inventory features in Catapult (client SaaS), improving cross-functional visibility and editing workflows across multiple inventory tables.
- Resolved 1000+ product listing issues across Amazon, ensuring compliance, brand consistency, and SEO-rich copy to maximize discoverability while having a thorough understanding of Amazon Seller Central.
- Deployed automated content monitoring tools across 5K+ SKUs to flag and remediate incomplete or inaccurate listings, maintaining a ~100% Buy Box win rate and alerting teams to reseller/down-listing risks to protect revenue.

2DEGREES NYC

NEW YORK CITY, NY

Founder/Event Producer

January 2022 - Present

- Lead 6-person team across marketing, partnerships, and production, running high-impact ops cycles every 3 weeks, producing 60+ events with an average attendance of 500 customers, with biggest events hitting 1500+ customers.
- Grew grassroots events startup from ~\$70K in Year 1 revenue to \$300K+ projected in 2026, with zero paid ads and fully bootstrapped operations, reaching 19k followers with social media strategy driving 65% of ticket sales
- Executed full-stack SMS marketing program (Klaviyo + SQL-based segmentation) driving 20% of ticket sales
- Designed brand assets using Photoshop and Figma to for cohesive visual identity across digital/physical touchpoints
- Owned end-to-end development of an in-house ticketing platform (Webflow + Stripe), shipping features including dynamic pricing, music requests, and attendee data capture - improving conversion and UX across 60+ events.
- Negotiated all partner and venue contracts, owning both GTM and operational logistics to sustain/scale growth.
- Owned full P&L reporting and built financial dashboards to track margins, expenses, and revenue trends across events
